Decisions will not be made during the workshop on the items being discussed. Members of the public who have an interest in an item under consideration and who wish to provide oral comments will be given time to speak. If comments received during the workshop indicate controversy regarding the proposed item or call into question one or more of the findings the Department must make to approve the proposed decision, the Director may choose to review all the information regarding this determination before it is made and may hold an additional public meeting if that is determined to be necessary before making the determination.

Decisions made in the past 30 days - Decisions listed have been made by the director of the delegated official within the last 30-45 days. Copies of the decision documents and, when appropriate, supporting staff reports and/or other materials can be accessed from the CalRecycle web.
